

barbour's linen

SKIND  HUSET

Coats Barbour offer a wide range of linen threads and yarns, for meeting specific end-user needs. Made from high quality, natural flax fibre, Coats Barbour's linen products are available in an array of colours and finishes.

Coats Barbour's linen products are used in a multitude of applications: quality footwear and leather goods, carpets, upholstery, bedding, saddlery, Jaquard harness, weaving, book-binding, sports goods and many more.

Coats Barbour's linen offers the following unique properties and benefits:

- does not stretch: delivers excellent knot-hold
- does not melt and has a high moisture absorption: deals well with extreme environmental conditions
- variety of proprietary finishes: provides excellent seam appearance, enhancing the visual appeal of sewn products like shoes, handbags and other leather goods
- 100% natural: fully biodegradable and environmentally friendly
- wide range of colours and finishes: can meet highly specialised customer needs.

WHITE		M1512		Depending on the different finishes, shades appear slightly different. Here is an example of the different finishes and appearance for the shade WBRWN:
WBRWN*		M0015		
M0038		H0054		
M0022		H0110		
H0121		M0077		
M1777		M0064		
M0013		H0100		
M0014		M2038		
H0512		BLACK		

soft finish
(as presented above)

waxed finish

satin finish

* = Natural linen. Due to the nature of linen, shades variances might occur from lot to lot
